CURIE HIGH SCHOOL'S MISSION & VISION

Curie's Mission Statement

It is the Mission of Curie Metropolitan High School to prepare all students for the diverse world community through a constantly evolving, multicultural, technology-based core curriculum that stresses academic achievement, performance in the arts, and training in vocational and technical occupations. Our mission affirms our commitment to develop attitudes of sensitivity to, and respect for all persons, regardless of ethnicity, gender, race, religion or intellectual or physical capacities. We believe our students will be empowered to commit to positive actions and to gain the academic and personal attributes necessary to become productive citizens.

Curie's Vision Statement

It is the Vision of the Curie High School Administration and Staff that No Child Be Left Behind and that all students graduate with the technical, creative and academic skills necessary to participate fully in our multicultural and technologically connected world.

SPECIAL ANNOUNCEMENT

NATIONAL BOARD CERTIFICATION: Curie's staff and administration would like to congratulate Ms. Conrad and Ms. James on receiving National Board Certification.
